JORGE FLAGEL

FRONTEND WEB DEVELOPER

PROFILE

I'm focused on developing responsive web pages and applications, with great care for details. I can recreate complex designs with "pixel perfect" code, respecting the original vision of the designers. My preferred library is ReactJS with Styled-Components for CSS embedded in Javascript. Also, I'm learning about Backend Development with NodeJS and Django.

PROJECTS

- FRONTEND MENTOR CHALLENGES
  frontendmentor.io/profile/jorgeflagel

  Frontendmentor.io is a web page where you can practice and solve real-world HTML, CSS and JavaScript challenges whilst working with professional designs. Beginning with a Figma design, I developed "pixel perfect" implementations in ReactJS.For styling I use Styled-components, that lets me write CSS in JavaScript. The layouts are made, mainly, with CSS Flex and CSS Grid.

- BLOG PLATFORM
  https://blogplatformsite.herokuapp.com/

  Plataform where you can create and share articles with React and Bootstrap. REST API developed with Express.JS and ATLAS (MongoDB) as database.

- PERSONAL WEB PAGE
